### School Upgrade Progress: From our Community Engagement Manager

The NSW Department of Education and School Infrastructure NSW remains committed to changing Kingscliff Public School students' lives, providing them with the educational infrastructure needed to inspire growth, build capability and transferrable, practical skills that last a lifetime.

The upgrade to Kingscliff Public School will provide additional new permanent teaching spaces and upgrade core facilities to address enrolment growth. The design of the new school will be practical and aligned with the best emerging practises in teaching and learning. The project is currently in the planning phase and project management and design consultants have now been engaged. Future focused learning workshops have begun being held with the Kingscliff Public School teaching staff and community.

Updates relating to the design, scope of works and construction timeline will be communicated to the community shortly.

We thank you for your patience while we plan this important upgrade for the Kingscliff community. For any enquiries relating to the project, please visit [schoolinfrastructure.nsw.gov.au](http://schoolinfrastructure.nsw.gov.au)

### End of Year Presentations

The end of year is rapidly approaching and we anticipate that our end of year presentations will be well attended again this year. To better accommodate students and families, we will be holding stage based presentations across the school this year. Please note these dates and times.

## CONGRATULATIONS
